

Part. No: BC-12-021/022/023

Date: 6/4-2011

Bergen Cabling Maritime IP Solution

BC Maritime Housing IP67

BC Maritime Patchcord Housing IP67

BC Maritime Wall box IP55

Product Information

The BC Maritime IP Solution is designed to protect BC Connector Cat6A DNV-approved in harsh environment and outdoors. The housings will protect the connectors against vibrations and impacts, fluids and climatic factors such as temperature.

BC Maritime Housing IP67 consists of an IP-grade mounting plate with a screw cap which can be installed in a cabinet, a wall box or directly on to any equipment indoors or outdoors.

BC Maritime Patchcord Housing IP67 consists of an IP-grade nipple end with a screw cap which can be mounted on a standard patch cord.

BC Maritime Wall box IP55 consists of a box with plastic cover suitable for harsh environment or outdoors.
